

ABOUT THE INSTITUTION

Ajay Binay Institute of Technology was established by Ar.K.B.Mohapatra in the year 1998 near the bank of river Kathajodi of silver city Cuttack, with the main objectives of imparting quality technical education, research and training for the student community. The vision of institution is to impart value oriented education and inculcate a sense of discipline & humanitarian culture to mould the youth of future.

The institution offers six undergraduate courses and three post graduate courses of different disciplines.

ABOUT MECHANICAL ENGINEERING DEPARTMENT

The department of Mechanical engineering was established in 1998 with a mission to impart experiential and cooperative learning in this field of Engineering. Through the years it has become a preferred destination for technical learning in the state of Odisha.

The department has developed collaborative networks among Educational Institutions, R & D Institutions, Industries, NGOs and individuals hastening the process of creation, dissemination, certification and incubation of knowledge. The faculty members having rich experience of various industries and educational institutions impart teaching through multimedia and web based software.

The department has eleven well equipped laboratories and design skills of the students are enhanced through hands on training in CAD software like AutoCAD, CATIA, etc.

The production engineering laboratory has been transformed into a research oriented laboratory to facilitate various industrial projects. It has received grants from AICTE, New Delhi under MODROBS scheme and for establishment of Entrepreneurship Development Cell.

ABOUT THE CONFERENCE

The Conference aims at providing a common platform to researchers, academicians, professionals, and students to interact and discuss about recent advances in the field of Production Engineering and Engineering Design. It will also act as catalyst for collaborative project works involving academicians and industries.

CONFERENCE TOPICS

Topics of interest for submission includes, but not limited to

- Rapid Prototyping
- Green Manufacturing
- Tool Engineering/Materials
- Virtual Manufacturing
- Non-traditional Manufacturing
- Lean Management/Six Sigma/Value Engineering
- Robotics
- Composite Materials
- Simulation and Modeling
- Computational Analysis
- Industrial Design
- Human Factor Engineering
- Optimization in Engineering Applications
- Industrial Internet of Things
- Sustainable Development

All accepted papers of RAPEED 2018 will be published in Journal of Engineering Innovation and Research (ISSN 2230-9373). The paper format and guidelines are available at journal website www.jeir.org.

The authors need to submit the complete paper to the convener.

E-mail: chinmaydas@abit.edu.in (or)

rapeed2018@gmail.com

IMPORTANT DATES

Last date for receipt of Paper : 15.12.2018

Last Date of Registration : 20.12.2018

Date of Conference : 27.12.2018 &
28.12.2018

REGISTRATION FEES

Academicians/Students/Research Scholar (PhD/PG)	1000 INR
Industry/R&D Organizations	2000 INR
Participants (Non Authors)	500 INR
