

SUBMITTED BY AJAY BINAY INSTITUTE OF
TECHNOLOGY (ABIT), CUTTACK

Ajay-Binay Institute of Technology is recognized by AICTE, New Delhi and is affiliated with BPUT, Rourkela. It offers a range of programs including B. Tech, MBA, MCA, and M. Tech. The institute boasts excellent infrastructure for effective teaching and learning, featuring well-furnished and spacious classrooms, smart classrooms, fully equipped laboratories, tutorial rooms, workshops, seminar halls, and an engineering drawing hall. Some classrooms are equipped with audio-visual teaching aids, and CCTV surveillance is in place to maintain a disturbance-free environment. The institute also provides facilities like a conference hall, libraries, and more to encourage student participation in various events, with a focus on skill enhancement.

Before each semester, lab in-charges ensure the availability of necessary equipment and software specific to the program curriculum for smooth lab sessions. Each department is equipped with dedicated computing resources and a departmental library. Additionally, the institute houses a central library with spacious reading halls, a digital library, a language laboratory, and computer centers. Access to content like NPTEL is available through a high-end library server.

The management of the college is dedicated to providing exceptional facilities for recreation, sports, physical fitness, and cultural activities. The institute features a fully air-conditioned auditorium with a seating capacity of 400 and an ICT-based conference hall with seating for 50, used for cultural competitions, workshops, seminars, conferences, and debates. An annual grand function showcases students' artistic talents and distributes prizes for various competitions, concluding with entertainment programs by invited professionals.

For sports enthusiasts, the college provides both indoor and outdoor playgrounds. The indoor facility is equipped for activities such as badminton and basketball, while the outdoor sports facilities include a cricket ground, football ground, basketball court, athletic track, throw ball court, and volleyball court.

Yoga is also encouraged as an essential part of daily life, with separate trainers available weekly for both ladies and gentlemen. Well-maintained green lawns serve as ideal spots for Yoga practice, and certified trainers are invited on special occasions like Yoga Day for mass practice.

The college has established various cells and committees, including the External Connect Cell, Wellness Management Cell, Social Responsibility, and Community Connect Cell, and Event and Competition Cell, which organize cultural competitions and activities regularly. Students actively participate in cultural competitions hosted by other educational institutions.

Classes are scheduled for optimal utilization of the available physical infrastructure. Sharing of laboratory facilities is also encouraged between faculties. Apart from the central facilities, such as, Computer Center, Central Library, there are many laboratories that cater to students from other faculties.

- Physical Infrastructure to support student amenities is as follows.
- Classrooms
- Laboratories and workshop
- Reliable Power Supply (Hybrid Power System with 1.5KW Solar Power)
- Medical facilities Guest House
- Bank
- Incubation Centre
- ICT based Classrooms and seminar halls Auditorium
- Sports Ground
- Research and Project Labs

CLASS ROOM, LAB ROOM, SEMINAR HALL, WORKSHOPS ETC

The facility available for teaching learning in Respective branch can be summarized as follows

Facility	Room Type	Number of Rooms	Carpet Area in Sq. Meter per Room (aprox)
Institutional Facilities	Class Rooms	21	138 sqm
	Tutorial Rooms - UG	8	130 sqm
	Laboratories	41	150 sqm
	Seminar Halls	7	170 sqm
	Tutorial Rooms -PG	1	130 sqm
	Additional Workshop/ Labs	6	150 sqm
	Workshops	1	165 sqm
	Library and Reading Room	1	180 sqm
	Drawing Hall	1	170 sqm
